## Windows 10 Virtual Desktops for the Mortgage Industry

**ABT provides the only comprehensive desktop and app virtualization service for Encompass 360, PointCentral and Byte loan origination systems. Mortgage companies use MortgageWorkSpace to reduce IT expenditures, lower their risk of a cybersecurity incident, and give their employees the best productivity tools available.**

### **LOWER YOUR RISK AND BE MORE SECURE**

Windows 10 protects, detects, and automatically responds to the most advanced malware and hacking threats, while protecting user identities, devices, and your organization's information. Conditional access ensures that only approved devices are used to access company apps and data.

- > MWS includes Email Archiving and Message Encryption, Data Loss Prevention and Conditional Access.
- > MWS protects data on company devices and personal devices, including Windows, Android, and IOS.
- > Employees use one set of credentials to access their Windows device, Virtual Desktop, Email, and Office Apps.

### **DO MORE WITH LESS OVERHEAD**

When your software is in the cloud and managed by ABT, you can run your business with far less IT resources. MWS eliminates the complex process of managing inventory, software updates, and OS versions. Administrators can spin up a new desktop with email, Office 365, and Loan Origination Software from one pane of glass. Administrators can deploy a new application to hundreds of users instantly.

- > Flexible costs scale up and down with the size of your workforce
- > Implement a Bring Your Own Device policy to save on company devices
- > Enable employees to work from home to save on Office Space

### **INCREASE PRODUCTIVITY**

Windows 10 improves productivity by providing faster, safer ways to get work done, across all your users devices. Microsoft Teams enables employees to communicate more effectively and work better together by combining chat, document sharing and meetings with Video, Screenshotting, and a phone system. Windows 10 and Microsoft 365 enable employees to be as productive as possible.

With MortgageWorkSpace you will have a more secure company, with happier employees and less IT overhead.
