Protect Your Borrowers, Use **DOCUMENTGUARDIAN**™

The Secure Way for Borrowers to Send You Documents

Security With Ease...

No registration needed to send documents, just simply drag-and-drop files into the secure webpage. There is no software to download and you and your borrowers have unlimited document uploads. All activity is logged, archived, and users are emailed a receipt using the sender.

Best Practices...

Access Business Technologies is certified SSAE 16 type II and we retain a 97% customer satisfaction rating.   Document-Guardian™ is FREE to MortgageWorkSpace® users and we will set up and walk you through a live demo.

Security Compliance...

All files are virus scanned and deleted if infected, and only safe files are accepted. You can set permissions to control recipients access and know that all files are transferred using SSL 256-bit encryption.

DOCUMENTGUARDIAN ™

DOCUMENTGUARDIAN™ is the safest and easiest way for your borrowers to send you NPI (non-public information) documents. Compliance auditors recommend it because unlike box-type file sharing apps, DocumentGuardian™ stores your borrower documents in our secure data center, not on individual computers and mobile devices.
